## PERSONAL PROFILE

As a Computer Engineering student with a focus on web development, databases, and video editing, I am equipped with practical skills in creating interactive websites using HTML, CSS, and JavaScript. I have experience in managing data efficiently with MySQL databases. I am currently pursuing coursework in Golang and MySQL and I am eager to apply my skills in work.

## SKILLS

**Technical :** HTML, CSS, Javascript, Figma, SQL (Mysql, Oracle, Postgresql), Google Data Studio/Looker Studio, Google Collab, Office Software (Excel, Power Point,Word), Adobe Premiere, Blender
**Languages :** Indonesian, English.

## EDUCATION

**Gunadarma University - Depok**
**Bachelor of Computer Engineering - GPA :3.77**                                         **2021 - Now**
**Website Course**
• Currently pursuing coursework in Golang, focusing on its application in backend web development, including building robust and efficient server-side applications, alongside web development skills in HTML, CSS, and JavaScript.
• Engaged in studies of MySQL for effective database management, including data modeling, query optimization, and secure data handling.

## LICENSE AND CERTIFICATION

**Fundamental Course Software Engineering By Dicoding**                               **July  2024**
Skilled in designing intuitive user interfaces for basic websites, ensuring an enhanced user experience.

**Independent Study DA&SE By RevoU With Kampus Merdeka**       **Febuary 2024 - June 2024**
**Data Analitics**
Charged as pic in data visualization, I have developed a foundational understanding of transforming complex data into compelling visual stories. I am proficient in using tools such as Looker studio to create clear and interactive dashboards.

**Software Enginering**
Developed an internal company website that displays sales datasets with visualizations presented in the form of interactive and dynamic charts. The website is responsive to various types of devices, ensuring accessibility and usability across desktops, tablets, and smartphones.

## EXPERIENCE

**Event Logistic Slowmove Bazaar VOL 5**                                               **August  2023**
*Served as a logistics coordinator at Slow Move Bazaar Vol. 5. My responsibilities included managing the setup and breakdown of event infrastructure, coordinating with vendors and suppliers to ensure timely delivery of goods, overseeing inventory and stock levels, and ensuring smooth transportation logistics. Additionally, I collaborated with the event planning team to streamline operations and improve efficiency, contributing to the overall success of the event.*
